School CATALOGUE

TO OUR PATRONS

Dear Principal / Teachers

We express our gratitude for your kind patronage and cooperation in the past. We hope your encouraging patronage will continue to provide us with opportunities to serve you in a better way.

We have great pleasure in presenting our new catalogue to you. It contains a list of books ranging from Play group, Kindergarten to Class 1 - 10.

Our books fully cover the latest syllabus prescribed by the Curriculum Development Center (CDC), Nepal.

We have recently launched a website www.jbdpublication.com and an app named [jbdbooks](#) that provide digital support to teachers and students.

Our rich coverage matches the comprehensive ability of the pupils. Step by step logical presentation, richly illustrated pages, excellent multicolour printing on quality paper and competitive prices are some of our special efforts to make our publications student-friendly.

We are hopeful that these books will be useful for the students of your institution or school and you will oblige us by recommending the same textbooks in your school.

We hope for your positive response and constructive suggestions to make these books better in their next editions.

We assure you that our best services will always be at your disposal.

Best wishes

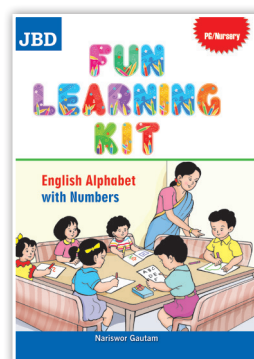

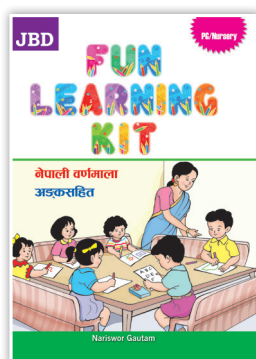

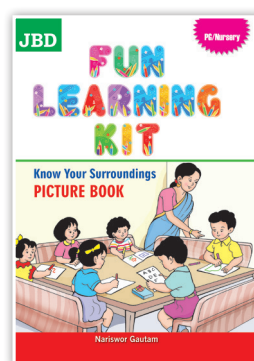

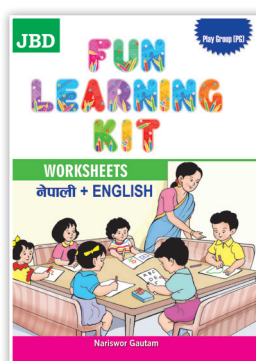

Jaipal Choudhary
Managing Director
